

Samin Labbaf

UI/UX Designer – Front-End Developer

647 803 8318 · saminlabbaf.com · Toronto, ON · linkedin.com/in/samin-labbaf

SUMMARY

UI/UX Designer with a Front-End background, creating user-centered solutions focused on clarity and human connection. I specialize in bridging the gap between design and code. I am also interested in learning and applying generative AI to enhance design workflows. I use empathy to advocate for user needs and patience to solve complex problems. I value honesty, collaboration, and inclusive design, ensuring every user can navigate information with ease.

TECHNICAL SKILLS

Design: Figma | FlutterFlow | UI/UX Principles | Wireframing | Prototyping - **Development:** React.js | Next.js | JavaScript | HTML5 & CSS3 | Material UI | Git & GitHub - **Tools:** Agile | Postman | RESTful APIs | VS Code

SOFT SKILLS

Empathetic Communication | Problem Solving | Team Collaboration | Persistence | Detail-Oriented

PROFESSIONAL EXPERIENCE

UI/UX Intern

Inner Compass Well-being | Kitchener, ON (Remote) | May 2025 – Sep 2025

- Contributed to the development of the OMA Life mobile application by translating Figma designs into high-quality, maintainable code in FlutterFlow.
- Designed mobile interfaces for OMA Life using Figma, focusing on accessibility and simplicity.
- Designed desktop dashboards for therapists and users, emphasizing usability and streamlined workflows.

Front-End Developer

Ant Coders | Tehran, Iran | Jun 2021 – Aug 2021

- Developed 20+ reusable UI components with Next.js and Material UI for a scalable e-commerce platform, improving maintainability and design consistency.
- Collaborated with the design team to build a high-impact landing page for an online shop, turning complex visuals into a polished, investor-ready experience.

Front-End Developer

Dexis Co | Tehran, Iran | Jan 2021 – Apr 2021

- Built a national exhibition website using Next.js, leveraging its server-side rendering and SEO features to deliver a smooth user experience and boost engagement by 25% during the pandemic.
- Improved a pharmacy admin panel and optimized data flow across front-end and back-end systems, supported by comprehensive API testing using Postman.
