

Samin Labbaf

Front-End Developer

647 803 8318 • labbafsamin@gmail.com • Toronto, ON • https://samin1994.github.io/My_Portfolio

OBJECTIVE

As a Front-End Developer with a strong foundation in UI/UX design, I build responsive, user-focused web interfaces that align with both business goals and technical excellence. I bring ideas to life using modern frameworks like React and Next.js, and I thrive in agile teams that value collaboration, continuous learning, and high-quality code. I'm committed to growing into full-stack development while staying current with emerging technologies and best practices.

TECHNICAL SKILLS

React.js | Next.js | JavaScript | Angular (basic familiarity) | MUI (Material UI) | HTML5 & CSS3 | Git & GitHub | Figma | FlutterFlow | Agile Software Development | Postman | RESTful APIs | VS Code | Microsoft Office

SOFT SKILLS

Strong Communication | Creativity | Teamwork | Persistence | Attention to Detail

PROFESSIONAL EXPERIENCE

UI/UX Intern

Inner Compass Well-being | Kitchener, ON (Remote) | May 2025 – Sep 2025

- Contribute to the development of the OMA Life mobile application by translating Figma designs into high-quality, maintainable code in FlutterFlow.
- Design mobile interfaces for OMA Life using Figma, focusing on accessibility and simplicity.
- Design desktop dashboards for therapists and organizational users, emphasizing usability and streamlined workflows.

Front-End Developer

Ant Coders | Tehran, Iran | Jun 2021 – Aug 2021

- Built reusable UI components with Next.js and MUI (Material UI) to accelerate development and enhance performance across a scalable e-commerce platform.
- Pair-programmed a multi-step form for the “Bime Iran” website, utilizing React state management to enable real-time updates and enhance user experience.
- Developed a challenging landing page and successfully implemented the design, attracting potential investors.

Front-End Developer

Dexis Co | Tehran, Iran | Jan 2021 – Apr 2021

- Built a national exhibition website using Next.js, leveraging its server-side rendering and SEO features to deliver a smooth user experience and boost engagement by 25% during the pandemic.
- Improved a pharmacy admin panel and optimized data flow across front-end and back-end systems, supported by comprehensive API testing using Postman.

EDUCATION
